

WIND AND FLAMES DEVASTATE TAMPA

Northern Section of the City Laid
Waste by Wind-
Driven Fire.

HUNDREDS MADE HOMELESS.

Half the Men Are Out of Work—
Militia on Guard to Prevent Depredations—Loss \$600,000.

Tampa, Fla., March 1.—The entire extreme northern section of this city was destroyed by fire, which broke out in a boarding house early today and raged unintermittently for four hours. The area burned covered 55 acres or 18½ city blocks, and 363 buildings were destroyed, with a total loss estimated at \$600,000, and one woman is dead, from excitement.

The burned section included four large and one smaller cigar factory and numerous restaurants, saloons, boarding houses, and over 200 dwellings occupied by cigar makers. The factories burned were M. Stachelsberg & Company, loss \$150,000; M. Paves & Company, loss \$50,000; Gonzales Fisher & Company, loss \$40,000; Esberg, Gunst & Company, branch of Stachelsberg, loss \$30,000, and Fernandez & Company, loss \$20,000.

STARTS IN BOARDING HOUSE.
All factories carried large stocks of tobacco and cigars. The area swept by fire embraced all that portion of the city between Twelfth and 14th streets. It originated in the boarding house of Antonio Diaz, 171 Twelfth avenue, and, fanned by a strong wind, spread fan-shaped, defying the efforts of the fire department, which was crippled by a very weak water pressure. Occupants of over 200 dwelling houses, thrown into a panic, rushed out, attempting to save but little of their belongings. A Cuban woman dropped dead from the shock.

FIRE CHIEF OVERCOME.
Fire Chief Savage was overcome by heat and smoke early in the fire, but recovered later. Citizens volunteered assistance to the hard-working firemen, but the spread of the flames was so rapid that little effective work could be done. Among buildings, other than factories, destroyed, were the hotels and cafes of Perez, Zito and Maximo Casas, six saloons, 12 restaurants and 10 boarding houses. The car barns of the Tampa Electric company, containing 20 cars, was endangered, and, owing to the destruction of the trolley wires, cars could not be removed. The fire finally burned itself out at the extreme northeastern section of the city.

HOMELESS AND OUT OF WORK.
Fully half of the people rendered homeless were out of work, and their shelter became an immediate problem. St. Joseph's convent was opened to them by the Jesuit fathers, and many found lodgings there, while others were accommodated in homes throughout the city. Besides this, thousands of men will be out of work on account of the burning of the factories.

The insurance is estimated at not more than half of the loss.

The state militia was placed on guard tonight in the burned district to prevent depredation.

Hungry As a Bear And Can't Eat

If, When Mealtime Comes, You
Suffer from a Yes-Not Kind of
Hunger, You're a Dyspeptic

How to Cure All Stomach Troubles.

A good many people get mad when you tell them they've got dyspepsia, but they don't know it. They know they're hungry, but they can't eat. "I'd love to eat it but I can't," is one kind of dyspepsia. "I hate to think of it," is another kind. There are thousands of people today who hate their meals and love them at the same time. They haven't that fine, endearing, drowsy, thinking-sight kind of feeling which goes with every good, strong, healthy stomach. That's because they have dyspepsia. And when there are others whose mouths don't water at meal time or at any other time, they sit at the table and go through the motions, only because it's time to eat. These people, too, are dyspeptics.

Every possible kind of stomach trouble can be cured by taking something which will just take right hold of all the food in your stomach and digest it alone without the help of the stomach and let the stomach take a rest. Stuart's Dyspepsia Tablets do this very thing. They are composed of the best digestive known to science, and are absolutely safe. One ingredient alone of one of these tablets will digest 8,000 grains of food. These tablets do exactly the work that a good, strong, healthy stomach does.

Stuart's Dyspepsia Tablets cure all cases of dyspepsia, indigestion, burning or irritation, loss of appetite, bloating, belching, aversion to food, fermentation and gas on the stomach. Stuart's Dyspepsia Tablets will make you feel "good" before and after each meal and make your stomach strong and healthy again. They will make you happy.

Send us your name and address today and we will at once send you by mail a sample package, free. Address: M. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

Stuart's Dyspepsia Tablets are sold at every drug store for 25¢ a box.

It makes the best hot breads.

BIG LOSS IN NEW YORK.

Two Fires Destroy Property Worth
\$2,500,000 at Car Barns.

New York, March 1.—Two fires that brought out all the fire apparatus in the upper section of the city and raged in lively fashion from midnight until dawn today burned down the car barns of the New York City Railway company on the Second avenue in Harlem and the paint factory of George W. Grote & Co., only a few blocks away. There were 740 surface cars burned in the destruction of the barns, and the loss of the company is estimated at \$2,500,000. The loss on the paint factory is given as \$125,000.

BURNED TO THE GROUND.
The car barns took up the block bordered by First and Second avenues and Ninety-sixth and Ninety-seventh streets, and though torrents of water were poured on the blazing buildings, the fire did not subside until it had leveled the three floors to the ground. The fire started in a paint shop on the second floor.

During the progress of the fire the police ordered scores of families, living opposite the barns, to leave the tenements. While the apparatus was at work on the barn fire, two alarms were turned in for a spectacular fire in the paint factory of George W. Grote & Co., occupying a four-story building on One Hundred and Second Street. The paints and oils burned furiously and within a short time the building was in ruins.

FOUR BURNED TO DEATH.

Buffalo, N. Y., March 1.—Anthony Schutte, 55 years old, and three of his children, Nellie, 13; Joseph, 11; and May, 8, were burned to death in a fire in their home in Depew, in western New York, this morning. Mrs. Schutte and her four youngest children were rescued.

RAILROADS MUST COMPLY WITH "NINE-HOUR" LAW.

Washington, March 1.—American railway men have made arrangements to comply with the provisions of the "nine-hour law." The operation of the law will mean the employment by railroad companies of several thousand additional operators and the closing of a large number of small stations on the principal systems. While discontinuing of railway service at many points, it is thought, will induce at least temporary inconvenience to the traveling and shipping public, in order to meet the operating expenses, which now seem necessary, the operating officials of the railways believe that this is the only way that they possibly can meet the situation with which they are confronted.

HAYWOOD ON ROOSEVELT.

Philadelphia, March 1.—William D. Haywood, secretary of the Western Federation of Miners, who was recently acquitted on the charge of being implicated in the murder of Governor Steunenberg of Idaho, was the principal speaker here today at a Socialist labor meeting held under the auspices of the Moyer-Haywood-Pettibone conference. In making his remarks to President Roosevelt, he said:

"To say the least, he is peculiar. When we were shadowed in the streets by his army of men with his letters, I say that this was not the act of a brave man."

THE WORLD'S BEST PEOPLE.

Use Cuticura Soap because it is the purest, sweetest and most effective.

PRESIDENT WANTS EVANS

TO BE A VICE-ADMIRAL

Washington, March 1.—In a quiet way naval officers in Washington are endeavoring to arrange an agreeable surprise for Admiral Evans when the battleship fleet under his command sails through the Golden Gate, completing the Pacific cruise. It is proposed to greet the rear admiral with a commission as vice admiral of the American navy. Of course the success of this understanding depends upon Congress, but the president has done his part in making a proper recommendation to that body for the reestablishment of that naval grade, and it is not doubted that Congress can be induced to act upon the recommendation in season to ensure the issue of Admiral Evans' commission, so that he may bear the title of vice admiral for the few months that will intervene between his arrival at San Francisco and his retirement from active service.

POLICE GUARD PRIESTS

IN CHICAGO CHURCHES

Chicago, March 1.—Details of police were stationed during early hours in all of the Roman Catholic churches here today, because of threats against the lives of priests in letters received since the Denver tragedy. The guards, who were citizens' clothing, closely scrutinized every person who entered the churches where trouble was feared, and after the services began, special precautions were taken in Italian churches in all parts of the city and in several Bohemian churches, because of anti-clerical feeling known to exist among persons of those nationalities in Chicago. Less attention was paid to the large cathedrals, because of the numerous policemen always in attendance at services in them. No disturbance was reported at any of the churches.

BODY OF DEAD PRIEST

ARRIVES IN PATERSON.

Peterborough, N. J., March 1.—Ten thousand persons today looked upon the face of Rev. Father Leo Heinrich, O. F. M., at St. Bonaventura monastery, in which the murdered priest was for years pastor. The body was brought from Denver at 11 o'clock tonight and during these hours an unbroken procession of mourners passed the body. So great was the throng that a detail of 50 policemen was required to maintain the formation of two lines of mourners. Through a snow and rain storm, the parishioners stood for hours patiently awaiting their turn. There was no untoward demonstration. Because of the health of Father Leo was transferred last September to Denver, where at the church of St. Elizabeth's, he was buried by the avowed anarchist known as Giuseppe Alois.

The funeral will be held tomorrow morning, when solemn requiem mass will be sung by Rev. Father Edward Black, assisted by 40 or more monks and lay brothers in St. Bonaventura monastery.

Roman Catholic diocese of Denver, a number of other high church dignitaries will be present. Interment will be in the plot of the Franciscan monks in Holy Sepulchre cemetery, on the outskirts of the city.

LESSEED DEMAND IN MONEY MARKET

Reserves Showed Tendency to
Accumulate in All Great
Centers.

DRAWING EMERGENCY COIN.

United States Feels the Need of Deposits Made in National Banks

To Tide Them Over Crisis.

New York, March 1.—Securities markets last week were inert and were adjusting themselves to an attitude of waiting for the development of events to shape the future course of affairs. This was true not only in New York, but in the great financial centers abroad. At all these points there was discernible the tendency toward accumulation of reserves in banking centers and in all cases the reason given for the accumulation was a shrinkage in trade and industrial activity, leaving a lessened demand for money for active use in enterprises. In the United States the effects of the accumulation of reserves are offset by the number of causes. The United States treasury, partly induced by the current deficit in the revenue, has commenced to draw from the national banks the deposits which were placed with them as an emergency measure during the financial crisis here. The national bank notes which were issued in extraordinary volumes at the same time are going into rapid retirement by deposit of lawful money with the treasury by the issuing banks.

INTERIOR BANKS HOLD ON.

These symptoms of contraction in the needs of the circulation are accompanied by signs that interior banks are disposed to keep up their reserves to a high level and to refrain from redeposit in the central reserve banks to the extent allowed by the national bank law. The additional requirements of the New York trust companies in preparing for the weekly statements of condition were another factor in taking up the slack in the return flow of money to the reserve centers. The consensus is that the plethoric money conditions which were expected to follow the subsidence of the panic have been slow to develop. Interest rates on the money market in New York have shown a hardening tendency during the week.

LOOK TWICE AT COLLATERAL.

Another element in this course of the money market was the discrimination exercised against collateral offered for loans. Some of the industrial stocks and railroad securities of companies which have suffered from diminished earnings are looked at askance by money lenders and add to the difficulties of borrowers. The shrinkage of profits and the diminution of earnings applicable to payment not only of dividends, but of fixed charges, has been a conspicuous influence on special securities in the open market. Corresponding importance is given to the plans for curtailment of expenditure to meet the decline in earnings. The question of wage reductions was given special prominence.

STEEL BUSINESS IMPROVES.

On the industrial side a good impression was made by the placing of orders for steel rails by the railroad companies and by the report that the rolling activity of the United States Steel corporation had risen from the 28 per cent depression to 51 per cent of capacity. The copper market showed improvement. Railroad earnings showed no pronounced betterment and operations in a general trade were reported to be on conservative lines. The sluggish investment demand for bonds was conspicuous and offered little encouragement for early success in the placing of new capital issues, which are relied upon to furnish resources for important projects of extension under way.

OPERATING EXPENSES

DROP WITH EARNINGS

Philadelphia, March 1.—The monthly statement of the Pennsylvania Railroad company, giving comparison of earnings and expenses of the lines east and west of Pittsburgh for the month of January, shows a large decrease in the gross and net earnings and in the expenses as compared with the same month last year. The gross earnings of the lines east of Pittsburgh, directly operated, show a decrease of \$2,029,240; there was an offset of \$1,335,000 in expenses, and the net earnings show a decrease of \$694,240. Lines west of Pittsburgh, directly operated, show a decrease in gross earnings of \$1,951,000, and a decrease in net earnings of \$581,700.

ARRIVAL OF MILITIAMEN

PUTS QUIETUS ON ALIENS

Kentwood, La., March 1.—Following the arrival of one company of Louisiana militiamen has been quiet here today and the threatened outbreak against the Italian population of this section has apparently been checked.

Hayes and W. E. Williams were arrested and charged with being among those who threatened to blow up with dynamite all Italians who did not leave the section. The threat is supposed to have been made because the Italians accepted a cut in wages in the local lumber mills.

The prisoners were turned over to the soldiers and were taken tonight to the jail at Amite, La.

ADVERSE TO FULTON.

Washington, March 1.—Responding to a letter of inquiry to the interstate commerce commission of the senate, the interstate commerce commission has written a letter taking a position in opposition to Senator Fulton's bill providing railroad companies from advancing rates in the face of a protest made by a shipper until the commission shall have passed upon the reasonableness of the increase.
